

Кт-635 шторный

The diagram shows a cross-section of a window blind installation. At the top, a hatched horizontal bar represents the ceiling. Below it, a grey bracket-like component labeled 'Кт-635 шторный' is mounted. To the left, a vertical grey strip labeled 'Дф-102' is attached to the wall. A yellow sun icon is positioned between the ceiling and the vertical strip, with several orange arrows pointing downwards towards the vertical strip. A blue dimension line with arrows at both ends is located below the sun icon, labeled 'MIN 50 мм'. At the bottom left corner, a small grey component labeled 'М-114' is shown, with the text '3D-панель Планка' below it. The entire scene is set against a light grey background.
